This Certificate of Analysis represents the results of the test item as received by the laboratory and relates only to the sample tested. The sampling stage was performed by the client.Results are not blank corrected unless noted within the report. The reported result is based on the sample weight. Unless otherwise stated, results of tests performed on all quality control samples met criteria for acceptance established by FINA Analytics. Fina Analytics makes no claim as to the efficacy, safety or other risks associated with detected or non-detected amounts of substances reported herein. Not all potential or existing hazards were tested. This Certificate shall not be reproduced except in full without written approval of FINA Analytics. Validated testing methodologies with an ISO IEC 17025:2017 accredited quality system was used when an (*) is present on the Certificate of Analysis.
