Notes:

GCA Labs is an ISO/IEC 17025:2017 accredited laboratory (A2LA Certificate #5611.01) and operates in compliance with all applicable Missouri state laws (19 CSR 100-1.110 Testing).
For statements of conformity (Pass/Fail), GCA Labs applies the decision rules established by the Missouri Division of Cannabis Regulation, based on the limits specified in 19 CSR 100-1.110. Where applicable, measurement uncertainty is considered when determining compliance with these regulatory limits.
This analysis indicates that a statistically representative, random sampling of the product has been analyzed. The results refer to the analysis at the time of sample collection and only to the presence of the tested compounds. GCA Labs makes no claims as to efficacy, safety, shelf-life, or other risks associated with detected or non-detected compounds within this report. All client communications and testing results are considered confidential; this report should not be reproduced without prior written approval.
